## The Orchid Room

The Orchid Room is the most recent addition to the Langstone Cliff facilities, opening in September 2008. It has already established itself as a favourite private dining venue. The Orchid room can dine up to 50 guests or is suitable for a cocktail reception for up to 80 guests – yet

even a lunch or dinner party for a dozen or so is not out of place. It adjoins the Lincoln Restaurant and can be used as a “stand-alone” venue or opened up fully on to the restaurant to offer dining for over 200 guests. It is dominated by a magnificent domed skylight which perfectly houses a very lovely chandelier – needless to say this begged for matching wall lights and a further four chandeliers in the Lincoln Restaurant and Bar to bring the whole scheme together.

The facing wall has a striking mural of white Orchids – hence the name. The hotel has been further extended by the enlargement of the Washington Foyer and the provision of “The Link”, a conservatory style corridor with broad sweeping lines and dramatic sea views which interlinks all the various dining facilities of the hotel without the need to go outside or pass through another room.

Externally the new conservatory styling of “The Link”, a new water feature and new royal blue blinds and awnings all combine to give the hotel an entirely different aspect – best come and see it!
